TO TEST THE LAW

Board of Health Goes After the Undertakers.

PERMITS TO BURY ARE IGNORED

Some Undertakers do Not Use Them, and the Sextons of Cemeteries Tell Doctor Ogden They Are Out of His Jurisdiction and it is None of His Business—A Lively Meeting of the Board.

The board of health held a rousing meeting last night, and after Huston had kicked vigorously because the health officer and the sanitary police did not make separate reports, they took up the question of undertakers obeying the law.

When Mayor Gilbert counted the attendance he found Thomas, Huston, George, Purinton and Chambers in their seats, while Doctor Ogden and Officer King were present, as usual. The consideration of bills showed that the board owed the Tribune \$15.25, T. L. Potts 75 cents, J. T. King \$50, burying dead dogs \$3, anti-toxin, the expense of a trip made by Doctor Ogden to Wheeling when the smallpox scare was on and his salary for the month \$39.10. The report of the health officer gave out the information that 26 males had been buried and seven females, all of them white, while death had claimed five males and six females, not a colored person being among the number. The causes of death showed that consumption is still busy in the city, claiming one victim during the time covered by the report. The dead animals disposed of numbered two horses, eight dogs and four cats. Twelve cellars were cleaned, six dog kennels ordered renovated, 18 chicken coops came under the law, and 65 notices were served ordering property owners to clean up. A house where scarlet fever had been and another where the patient suffered from diphtheria had been fumigated, and 40 licenses had been taken out by people who wanted to sell milk. This ended the report, but before it could be adopted Mr. Huston, who was acting in the capacity of clerk, owing to the absence of that official, jumped to his feet. He objected in vigorous terms to the report of the sanitary police being mixed with that of the health officer, since, in his mind, it was not as it should be. Things were done, he believed, of which the board knew nothing, and they could not be found in the report. This was not as it should be, and he told the board just what he thought of it. Mr. Chambers here asked him to specify his objections, and let his colleagues know all about it, but Mr. Huston did not have the time. It would, he said, take him three hours to tell what he knew. Before the little ripple had died away Mr. Purinton expressed the belief that it would be a good thing to have separate reports, and Officer King said if they investigated they would find the system used in large cities the same as that used here. Then the matter passed into oblivion without action; the report was received. Otto Schmidt-bauer was awarded the contract for removing night soil. He will get \$8.50 for the city proper and \$9.50 for territory beyond the Horn switch, as in the past. The matter of sewers brought out the fact that only one connection had been made since the last meeting. Engineer George not having been officially advised that he was to prepare the plans. Fearing that the same might occur again, he was authorized to prepare the plans and the clerk was ordered to advertise for bids for sewers on the property of those who did not appear before the board and show cause why it should not be done. King gave 14 names of people owning property that should make connection, and the clerk was ordered to notify them. Then came the sensation of the evening.

Doctor Ogden announced that there was one undertaker in town who had made no report for the month, and wanted to know what was to be done about it. Mr. Purinton asked where is the law that says all undertakers are compelled to report, and they hunted the statute. It developed that the matter rested on the taking out of burial permits, and covered cemeteries in or near the city. Then the story came out. The cemeteries where Liverpool's dead are buried are situated beyond the city limits, and the claim was made that the board had no jurisdiction over them. Doctor Ogden notified the sexton at one of these cemeteries that he must not allow the interment of bodies when the undertaker had no permit, but the sexton had told him that he could not command his actions, and he would continue as in the past. Then he got after the health officer of the township, but that official had done nothing. Mr. Purinton then read the ordinance covering the case, and expressed the belief that it would be wisdom to see if it was any good by testing the matter. It was then brought out that the sexton and the undertaker would come under the law together if there was merit in their case, and Mr. Huston moved that the ordinance be enforced. The motion passed, and then the board went home.

THE ANNUAL BANQUET.

Phoenix Boys Talk, Eat, Elect Officers and Make Merry.

The annual meeting of the Phoenix club, held in the rooms of the organization last evening, was as it always is an event in the lives of the members.

The election of officers showed that T. H. Arbuckle was chosen president, E. H. Sebring vice president, J. T. Manor secretary, and Chal Peterson treasurer. The business on hand was of such a nature that the feast was not announced until a late hour, when the members were willing and ready for the banquet. Then came the speech making. George Davidson was elected toastmaster, and ably filled the chair, calling upon every member present, and there was a goodly crowd to respond to some toast decidedly interesting to the club. The meeting was among the most enjoyable held by the club, and proved more forcibly than ever the great loyalty of the members to their organization.

WHERE MERCER STANDS.

Winnie Is Not Among the Leaders This Year.

The friends of Winnie Mercer will not be surprised to learn that he is almost at the end of the list of pitchers this year, his rating being 39 in a class of 44. The percentage of games won, as given by the Boston Herald, is .405, the best man being .811 and the lowest .316. When he was in the box 270 runs were made, the scorer marked down 412 base hits, and his average is given as .382. He made four wild pitches during the season, hit 18 batsmen, struck out 83, and gave 92 their base on balls. Were it not for the splendid work done by Winnie at the close of the season his friends would think he had lost the power to pitch, but that only convinces them that he has been working for his release.

PURCHASED AN OUTFIT.

The Association Directors Got a Bargain.

The Young Men's Christian association today purchased the complete gymnasium outfit of the Martin's Ferry association, and got it at a bargain. The apparatus will be shipped here as soon as it can be packed. The addition will be gladly received by the members, for it will almost double the number of appliances in the gymnasium. Mr. Rogers, who was elected physical director some time ago, cannot be here for several weeks. Before starting for Atlanta, where he was going with the hose company, he was taken ill, and has not yet recovered.

WILL CUT HER THROAT.

Mrs. Griffiths Will Not Return to the Infirmary.

Catharine Griffith is before the public again, this time with an objection to the infirmary. She was so dissatisfied after being sent there that her son brought her home, and then allowed her to live with him. At length he could not agree with her and arrangements were made to have her taken to the Cleveland home, although Trustee Albright does not believe she will be received there. Mrs. Griffiths told the trustee not to send her back to the infirmary, for if he did she would cut her throat.

LOOKING FOR SOUVENIRS.

A Detroit Mason Wants Something Pretty.

The fame of Liverpool as the producer of beautiful things in pottery has so spread through the land that a Detroit man is here today looking for novelties. The gentleman is U. P. Hulbert, a prominent Mason, who is arranging for the manufacture of a souvenir, to be distributed among hundreds of Masons who will attend the dedication of a temple there. The gentleman thinks Liverpool is the place for novelties of this kind.

FAILED TO DECIDE.

Commissioners Will Have Another Joint Meeting.

The commissioners of Stark and Columbiana counties were in joint session at Fairmont home yesterday, but failed to decide on the sewage. It was agreed, however, that another meeting should be held Oct. 15, and in the meantime the engineer was to prepare plans for the improvement. The new arrangement will prevent the sewage polluting the water supply of Alliance.

TIED UP BY THE FEET

Thomas Humphries Brutally Treated in East End.

TAKEN FROM HIS BED

Four Men Who Should be Behind the Bars Commit a Dastardly Deed—Tommy Beaten and Cut Was Found in a Kilo by the Police.

The most brutal and unprovoked assault that has marked the criminal history of the city in many years occurred in the East End last night, the victim being Thomas Humphries, an inoffensive fellow who deserves nothing less than pity.

It was 11:30 o'clock when Patrolman Randolph heard the alarm calling him to the East End, and hastily summoning Officers Jennings and Earl to his assistance, made the trip as soon as possible. At the box they were told that the unfortunate who needed their help was Tommy Humphries, and they would find him at the sewer pipe works, where he had taken refuge from his enemies. Going to the kilo pointed out by the informant, the police discovered Tommy, and an awful sight he was. Sobbing as though his heart would break he crouched down on the floor, and was the picture of abject terror. Blood streamed from a gash in his head, his face being covered and streaked with dirt, while his wildly staring eyes almost caused the belief that he had lost his mind. He was placed in the wagon, and taken to city hall, where he received all the attention the police could give, and, after telling his story, was given a cell in which to sleep.

Early in the evening Tommy was at his humble home, a small house in a ravine not far from the pipe works, when a stone came rattling against the side of the building. Having been annoyed in this way before, he caught up an axe with the determination of scaring the boys away, and when he went out he found two young men standing near the house. He approached them and demanded the cause of the attack, when one, pointing to a shadow, hurriedly said: "There's two of them there now." Tommy turned in that direction, and was felled by a blow on the head, evidently from a stone in the hand of the man to whom he was talking. Realizing that something of unusual importance was happening he got up as soon as possible, and ran back into the house. Going to bed he soon forgot his troubles in slumber, but his wife, Mary Ann, was roused at 11 o'clock by a sharp knock at the door. Demanding to know who was there, she was informed by a gruff voice that the police wanted Tommy. Lighting the lamp and opening the door, she was surprised at being rudely pushed to one side and four men rushed into the house. Meantime Tommy was sleeping, but the men caught him about the legs and body, and dragging him across the room soon had him outside of the house. Mrs. Humphries was wild with terror, and shrieked out for them not to murder her husband time and time again. Her pleadings had no effect on the gang, and ropes being produced he was securely bound hand and foot. As soon as he had been blindfolded and a gag was placed in his mouth. Then they dragged him to a tree nearby, and having arranged the ropes to suit their brutal satisfaction, hauled him up feet first. The suffering of the man as he hung with his head down is described by him as awful, and he almost lost consciousness, but the gang reminded him of his position by giving him an awful beating. At no time did the stick draw the blood, but the bonds had become tighter because of his struggles, and were causing him excruciating pain. After a few minutes the crowd tired of their work and laughing brutally at the sufferings of the victim, moved away a short distance, leaving him in the awful position described. At length Tommy, by his efforts to escape, broke the limb to which he was hanging, and succeeding in breaking his bonds, ran home. There he found Mary Ann gone, and fearing the brutes had treated her the same way, he ran about calling for help. Finding that she had taken refuge with neighbors, he ran to the sewer pipe works, where he hid in an empty kilo, and John Pollock turned in the patrol alarm.

Tommy told his story to a News Review reporter this morning in jail, and with tears in his eyes recounted the terror and suffering he experienced the short time he was suspended by his feet. He still feared the gang would attack him, and was only too glad to remain behind the bars. The public denounce the whole affair as a

dastardly outrage, and East End people are justly indignant. If possible the guilty parties will be brought to justice, and compelled to answer for the brutal affair. They should be given a dose of their own medicine. To a late hour this afternoon no arrests had been made.

A QUICK RUN.

But the Fire Was Out When the Company Arrived.

At 2 o'clock this afternoon an alarm took the fire department to a double house on Greasy street, where a fire had started in the back yard. The cause of the blaze was an out kitchen that had not been used for many months. Today it was found necessary to light fire there, and before they knew it flames were shooting high in the air. A few buckets of water extinguished the blaze, and when the company reached the scene it was out. The house is occupied by A. B. Plank and L. Thomas, and Mrs. Thomas said she would never use that place for cooking again. The department got out and made one of the quickest runs on record.

SERIOUS INJURIES

Mrs. Strauss Fell Down Stairs and is Unconscious.

Mrs. Strauss, residing with her daughter, Mrs. McGahie, on Grant street, fell down a flight of 15 steps last night from the second to the first floor of the house and sustained serious injuries. Her wrist was broken and she received a blow that caused concussion of the brain. The woman was unconscious all of today, and could not explain how the accident happened. She is still very low, and it is possible that she will not recover, although the attending physician thinks there will be no danger if she sustained no internal injuries. It is not known whether Mrs. Strauss fell while walking in her sleep.

TO BEGIN ON MONDAY.

The Standard Will Waste No Time In Rebuilding.

A force of men will be put at work clearing away the remains of the burned buildings of the Standard on Monday, and work on the new structure will be commenced at once. It will be three stories high and 180 feet long, making a structure that will answer every purpose of the company. The insurance was divided as follows: Buildings, \$1,750; machinery, \$1,055, and stock, \$17,000. Edward Stanberry and Major Wallace paid the losses of their companies today.

LIFE IS A BURDEN.

Calcutta Road People Want Side-walks.

Residents of the Calcutta road are hoping that they will soon have side-walks, for life is now misery to them. Since the board walks were torn up they have nowhere to walk, except it be the middle of the road, and now the dust is so deep that life is a burden. They are hoping that they will have walks of some kind before winter comes, for Calcutta mud is as notorious as Calcutta dust.

Attending Council Meeting.

There will be no service at the Lutheran church tomorrow, because Reverend Reinartz will be in Wheeling attending the reopening of the church there and the dedication of an organ costing \$3,000. On Monday evening the gentleman will leave for Easton, Pa., where the council of the Lutheran church meets, and will be in session until Wednesday of the next week. The council contains 1,094 ministers, 1,832 congregations, and represents 315,658 communicants. The membership in the world is over 52,000,000.

Lost Her Bird.

Mrs. Tucker, of West Market street notified the police this morning that she had forgotten to take her pet parrot in the house last night, and when she looked for it this morning it was gone. Later she discovered that a friend had seen the cage hanging out, and had taken it home for safety. It was returned this morning.

Reorganized the Club.

The Liverpool Anglers are reorganizing the club and already preparing for the camp next year. A beautiful spot in the Shenandoah valley has been selected, and the club will go into camp with a large party next summer.

The Glee Club Here.

The Knoxville Glee club arrived in the city today, and will give a most enjoyable concert in the first United Presbyterian church this evening.

Hunting His Canary.

Doctor Williams was in mourning today because a canary, which was a great pet in his house, escaped from the cage, and could not be found.

SALOONISTS SETTLED

Hancock Decided to Declare His Guilt.

THE SULLIVAN CASE DISMISSED

The Smoky Row Man Got a Light Fine Under the City Ordinance, but There Was No Evidence to Convict the Other, It Was All His Way.

The saloon cases that have been hanging fire for about two weeks in the court of Mayor Gilbert were settled this morning in short order.

The first to be called was the charge against Saloonist Hancock, of Second street, who was one of the liquor men against whom complaint was made for selling on Sept. 27. He agreed, if the charge was changed from the state law to the city ordinance, to plead guilty, and the alteration was made. The mayor fined him \$32, and he paid it with good grace.

The next case was that of William Sullivan, the Sixth street man whose place was reported by the police on the same day. Sullivan declared his innocence, and Frank Spivey was the first witness sworn. He said that he boarded at the Sullivan house and was in the kitchen on the day in question. The only liquids that he got there, to his knowledge, were tea and coffee, and he did not call for drinks. He saw no other person there except Mrs. Sullivan and the children, and on that day he failed to see Sullivan in the saloon. Hugh Martin said that on the Sunday in question he was cleaning up at the Thomas works, and did not go near Sullivan's place, therefore he could not drink there. Robert Hanlon, the next witness called, was not present, but Chief Gill soon summoned him from Knowles, Taylor & Knowles, where he is employed. He stated that on the Sunday mentioned he was visiting with his family at the residence of William Wright, and he was not in Sullivan's saloon. He was sure he did not go to Sullivan's after they came home in the evening, because there was a sick child at his home. After hearing the evidence, Mayor Gilbert dismissed the case, and the spectators went home.

PROVED THE ERROR.

Superintendent Andrews Settles One Prevailing Error.

Superintendent Andrews seems to know that the equipment of the street railway is not the best in the world, but he does not like to have people make it worse than it really is. The other day a local paper charged that the windows in many cars are broken, and that made the superintendent mad, for if there is one thing he has endeavored to do it is to attend to the windows. He challenged the reporter to investigate, and the result was the finding of two broken windows in one car and one in another. The road bed was also touched upon, and the superintendent claims, and rightly, that it is one of the best. Mr. Andrews is earnestly opposed to misrepresentation.

MAY STRIKE.

Sanitary Pressers Want a Concession in Trenton.

The unrest that has characterized the sanitary potteries for a year or more bids fair to the result in another strike if there be truth in the following dispatch from Trenton.

"Another strike of the sanitary ware pressers in the sanitary potteries is threatened owing to difficulties between the bosses and the men. Five workmen in one of the potteries will quit tomorrow afternoon. The men claim that they will not be responsible for imperfect ware that comes from the glost kilns. It passes through so many hands after it leaves them that they claim the manufacturers should not hold them responsible."

DANGEROUS RAILROADING.

Narrow Escapes on the Horn Switch This Afternoon.

When the fire department went out West Market street this afternoon a great crowd of people followed and were crossing the track when three cars came down from one of the potteries above. There was only one brakeman on the train, and it was going at a rapid rate of speed. Several women and children, anxious to see the fire, had narrow escapes from being run down. Such reckless work may cost a life or two some time.

Realizing that something of unusual importance was happening he got up as soon as possible, and ran back into the house. Going to bed he soon forgot his troubles in slumber, but his wife, Mary Ann, was roused at 11 o'clock by a sharp knock at the door. Demanding to know who was there, she was informed by a gruff voice that the police wanted Tommy. Lighting the lamp and opening the door, she was surprised at being rudely pushed to one side and four men rushed into the house. Meantime Tommy was sleeping, but the men caught him about the legs and body, and dragging him across the room soon had him outside of the house. Mrs. Humphries was wild with terror, and shrieked out for them not to murder her husband time and time again. Her pleadings had no effect on the gang, and ropes being produced he was securely bound hand and foot. As soon as seized he had been blindfolded and a gag was placed in his mouth. Then they dragged him to a tree near by, and having arranged the ropes to suit their brutal satisfaction, hauled him up feet first. The suffering of the man as he hung with his head down is described by him as awful, and he almost lost consciousness, but the gang reminded him of his position by giving him an awful beating. At no time did the stick draw the blood, but the bonds had become tighter because of his struggles, and were causing him excruciating pain. After a few minutes the crowd tired of their work and laughing brutally at the sufferings of the victim, moved away a short distance, leaving him in the awful position described. At length Tommy, by his efforts to escape, broke the limb to which he was hanging, and succeeding in breaking his bonds, ran home. There he found Mary Ann gone, and fearing the brutes had treated her the same way, he ran about calling for help. Finding that she had taken refuge with neighbors, he ran to the sewer pipe works, where he hid in an empty kiln, and John Pollock turned in the patrol alarm.

Tommy told his story to a NEWS REVIEW reporter this morning in jail, and with tears in his eyes recounted the terror and suffering he experienced the short time he was suspended by his feet. He still feared the gang would attack him, and was only too glad to remain behind the bars. The public denounce the whole affair as a

dastardly outrage, and East End people are justly indignant. If possible the guilty parties will be brought to justice, and compelled to answer for the brutal affair. They should be given a dose of their own medicine. To a late hour this afternoon no arrests had been made.

A QUICK RUN.

But the Fire Was Out When the Company Arrived.

At 2 o'clock this afternoon an alarm took the fire department to a double house on Greasy street, where a fire had started in the back yard. The cause of the blaze was an out kitchen that had not been used for many months. Today it was found necessary to light fire there, and before they knew it flames were shooting high in the air. A few buckets of water extinguished the blaze, and when the company reached the scene it was out. The house is occupied by A. B. Plank and L. Thomas, and Mrs. Thomas said she would never use that place for cooking again. The department got out and made one of the quickest runs on record.

SERIOUS INJURIES

Mrs. Strauss Fell Down Stairs and Is Unconscious.

Mrs. Strauss, residing with her daughter, Mrs. McGahie, on Grant street, fell down a flight of 15 steps last night from the second to the first floor of the house and sustained serious injuries. Her wrist was broken and she received a blow that caused concussion of the brain. The woman was unconscious all of today, and could not explain how the accident happened. She is still very low, and it is possible that she will not recover, although the attending physician thinks there will be no danger if she sustained no internal injuries. It is not known whether Mrs. Strauss fell while walking in her sleep.

TO BEGIN ON MONDAY.

The Standard Will Waste No Time in Rebuilding.

A force of men will be put at work clearing away the remains of the burned buildings of the Standard on Monday, and work on the new structure will be commenced at once. It will be three stories high and 180 feet long, making a structure that will answer every purpose of the company. The insurance was divided as follows: Buildings, \$1,750; machinery, \$1,055, and stock, \$17,000. Edward Stanberry and Major Wallace paid the losses of their companies today.

LIFE IS A BURDEN.

Calcutta Road People Want Sidewalks.

Residents of the Calcutta road are hoping that they will soon have sidewalks, for life is now misery to them. Since the board walks were torn up they have nowhere to walk, except it be the middle of the road, and now the dust is so deep that life is a burden. They are hoping that they will have walks of some kind before winter comes, for Calcutta mud is as notorious as Calcutta dust.

Attending Council Meeting.

There will be no service at the Lutheran church tomorrow, because Reverend Reinartz will be in Wheeling attending the reopening of the church there and the dedication of an organ costing \$3,000. On Monday evening the gentleman will leave for Easton, Pa., where the council of the Lutheran church meets, and will be in session until Wednesday of the next week. The council contains 1,094 ministers, 1,832 congregations, and represents 315,658 communicants. The membership in the world is over 52,000,000.

Lost Her Bird.

Mrs. Tucker, of West Market street notified the police this morning that she had forgotten to take her pet parrot in the house last night, and when she looked for it this morning it was gone. Later she discovered that a friend had seen the cage hanging out, and had taken it home for safety. It was returned this morning.

Reorganized the Club.

The Liverpool Anglers are reorganizing the club and already preparing for the camp next year. A beautiful spot in the Shenandoah valley has been selected, and the club will go into camp with a large party next summer.

The Glee Club Here.

The Knoxville Glee club arrived in the city today, and will give a most enjoyable concert in the first United Presbyterian church this evening.

Hunting His Canary.

Doctor Williams was in mourning today because a canary, which was a great pet in his house, escaped from the cage, and could not be found.

SALOONISTS SETTLED

Hancock Decided to Declare His Guilt.

THE SULLIVAN CASE DISMISSED

The Smoky Row Man Got a Light Fine Under the City Ordinance, but There Was No Evidence to Convict the Other, It Was All His Way.

The saloon cases that have been hanging fire for about two weeks in the court of Mayor Gilbert were settled this morning in short order.

The first to be called was the charge against Saloonist Hancock, of Second street, who was one of the liquor men against whom complaint was made for selling on Sept. 27. He agreed, if the charge was changed from the state law to the city ordinance, to plead guilty, and the alteration was made. The mayor fined him \$32, and he paid it with good grace.

The next case was that of William Sullivan, the Sixth street man whose place was reported by the police on the same day. Sullivan declared his innocence, and Frank Spivey was the first witness sworn. He said that he boarded at the Sullivan house and was in the kitchen on the day in question. The only liquids that he got there, to his knowledge, were tea and coffee, and he did not call for drinks. He saw no other person there except Mrs. Sullivan and the children, and on that day he failed to see Sullivan in the saloon. Hugh Martin said that on the Sunday in question he was cleaning up at the Thomas works, and did not go near Sullivan's place, therefore he could not drink there. Robert Hanlon, the next witness called, was not present, but Chief Gill soon summoned him from Knowles, Taylor & Knowles, where he is employed. He stated that on the Sunday mentioned he was visiting with his family at the residence of William Wright, and he was not in Sullivan's saloon. He was sure he did not go to Sullivan's after they came home in the evening, because there was a sick child at his home. After hearing the evidence, Mayor Gilbert dismissed the case, and the spectators went home.

PROVED THE ERROR.

Superintendent Andrews Settles One Variation.

Superintendent Andrews seems to know that the equipment of the street railway is not the best in the world, but he does not like to have people make it worse than it really is. The other day a local paper charged that the windows in many cars are broken, and that made the superintendent mad, for if there is one thing he has endeavored to do it is to attend to the windows. He challenged the reporter to investigate, and the result was the finding of two broken windows in one car and one in another. The road bed was also touched upon, and the superintendent, claims, and rightly, that it is one of the best. Mr. Andrews is earnestly opposed to misrepresentation.

MAY STRIKE.

Sanitary Pressers Want a Concession in Trenton.

The unrest that has characterized the sanitary potteries for a year or more bids fair to the result in another strike if there be truth in the following dispatch from Trenton.

"Another strike of the sanitary ware pressers in the sanitary potteries is threatened owing to difficulties between the bosses and the men. Five workmen in one of the potteries will quit tomorrow afternoon. The men claim that they will not be responsible for imperfect ware that comes from the glost kilns. It passes through so many hands after it leaves them that they claim the manufacturers should not hold them responsible."

DANGEROUS RAILROADING.

Narrow Escapes on the Horn Switch This Afternoon.

When the fire department went out West Market street this afternoon a great crowd of people followed and were crossing the track when three cars came down from one of the potteries above. There was only one brakeman on the train, and it was going at a rapid rate of speed. Several women and children, anxious to see the fire, had narrow escapes from being run down. Such reckless work may cost a life or two some time.

Home From Presbytery.

Doctor Taggart today returned from Mansfield, where he has been attending an important meeting of ministers of the United Presbyterian church.

The god of harmony worshipped by

the Democrats of this county has a

pistol in his hip pocket and a knife

in his boot.

The people of Ohio are sincerely

hoping that the next national convention

will meet in Pittsburg to nominate

William McKinley for president.

The campaign of abuse which

Campbell is carrying on will do his

cause no good. Ohio people realized

long years ago that blackguardism is

by no means argument.

At length the administration has

discovered that Johnny Bull will gobble

everything in sight, and it is said

that Secretary Olney has prepared a

dispatch to send to Ambassador Bayard.

A Republican administration would

have twisted the lion's tail long months ago.

PULL TOGETHER.

That the Republican party will be

triumphant in Ohio this year there is

no doubt. General Bushnell will be

elected governor, the whole state

ticket will go through with a rush, a

Republican legislature will sit in

Columbus next year, and Hon. J. B.

Foraker will be the next senator to sit

in Washington with Hon. John Sherman.

This all makes a pretty picture, and

the view is even now within the grasp

of the state, provided the people do

their duty. If every man whose wages

were lowered by the congress of which

Mr. Brice was a member will show his

disapproval of that act by voting against

him, not a Democratic legislator will be

chosen. If every man who has seen fac-

ilities shut down, mills closed and poverty

rampant, will declare his honest opinion

without fear or favor, Jimmy Campbell will

go down in ignominious defeat. If every

taxpayer who groaned when the last

administration of Campbell increased

taxes and squandered public funds will

walk to the ballot box and vote his

sentiments intelligently, the Democratic

party will be an unknown quantity

in Ohio on the morning following

election day. It remains for the people

to say whether Calvin S. Brice can

come from New York to control their

thoughts here in Ohio. It remains for

them to endorse the high-handed

schemes of vengeance, no matter

what damage, that were planned

and carried out by the southern

members of the last congress. It remains

for a branch of the greatest court on

earth, the American people, to support

or crush the schemes of boodles

and bossism now rampant in the Democratic

party in Ohio. Let them rally as they

rallied last year and the year before,

showing to Mr. Brice and his gang

that the Buckeye state knows no

such rule as he with his money would

bind it.

PUGS AS CHICKASAWS.

Scheme to Evade the Law in Indian Territory.

CITIZENS WANT THE BIG FIGHT.

Plan to Make Corbett and Fitzsimmons

Members of an Indian Tribe—A Mexican

Gone to Plead With Diaz—Pugs

Roast Each Other.

ARDMORE, I. T., Oct. 5.—Enthusiasm

over the probable coming of the Cor-

bett-Fitzsimmons fight has been in-

tensified in Ardmore. Some of the best

legal talent here concur in the opinion

that there is no law on the statute

books to prevent the fight coming off

in the territory and on the strength of

this, active steps to have it brought

here are being made. An enthusiastic

mass meeting was held in the offices of

United States Commissioner Gibbons

and as a result, Judge Moran Scott,

late United States commissioner under

Judge Charles B. Stuart, was today

sent to the athletic club to represent

the conditions under which the contest

can be held here.

Representatives of the Santa Fe rail-

road have gone to Tishomingo, where

the Chickasaw council is now in session.

They intend, it is said, to endeavor

to have the council convert Corbett and

Fitzsimmons into members of the tribe

in order to escape the jurisdiction of

the United States court in the Indian

Territory and obviate the possible legal

objection to the contest.

A San Antonio special says: Gentle-

men who secured a concession from the

state of Tamaulipas to have a prizefight

and a bullfighting tournament in

Nueva Laredo have sent a Mexican

gentleman who is related to President

Diaz to the capital to secure immunity

from interference. Dan Stuart has

agreed to wait three days until this

gentleman can secure an audience with

the president.

A Corpus Christi special says: Fitz-

simmons goes right along with his

training, notwithstanding the legisla-

ture's recent action at Austin. He

says that he has an offer from respon-

sible parties to pull off the fight should

the Florida Athletic club fail to do so.

He says he is determined to give Cor-

bett no possible opportunity to escape

him, and that the big dude will either

have to fight or leave the country

branded as a coward who is afraid to

meet a man who is much smaller than

himself.

A New Orleans special says: Corbett

and his party left here for Texas this

morning. While in this city, the

champion said: "I see Fitz has been

doing some more talking in his trip

through the South. Do you know what

I think of Fitz, he is a fakir of the

worst kind. He is trying his mightiest

to get out of this fight, but I will fight

him if I have to chase him in a corner

so that there could be no escape. I

wish the fight was tonight. I am an-

xious to get at him for he has been mak-

ing some statements that are absolutely

false. I am ready to fight within an

hour. I wish that the battle was to

take place today in the Olympic club.

Nothing would please me better.

"Now, don't you think that a man

in Fitzsimmons' position should be a

little more circumspect in his talk?

Every dollar, with the exception of

\$2,000, of Fitz's stake has been seized.

Now, supposing I do win the fight, I

may get the short end of it after all.

Fitz had better be making arrange-

ments to carry out his end of the con-

tract instead of roasting me. Now, if

Fitzsimmons would only put up his

stake without any strings attached to

it, and agree upon a referee, there is

no governor on earth who could stop

the fight. We could go into some

deep forest where men very seldom are

seen and settle our differences. I

would be willing to fight him for the

stake alone."

It is the general opinion among local

sports who know Corbett well, that he

is not the same Corbett of old. His

face is very much pinched and there is

a dull look about his eyes.

A San Francisco special says: W. R.

Vice, ex-vice president of the old Cali-

fornia Athletic club, believes that if the

Corbett-Fitzsimmons fight would be

brought off here in California, it would

mean over \$1,000,000 profit to the state.

"Dad White, one of San Francisco's

prominent sporting men, had quite a

talk with Mr. Vice about raising a

purse for the fight to come to California.

THE EPISCOPAL CONVENTION.

Resolutions of Sympathy Adopted—The

Embezzlement Case.

MINNEAPOLIS, Oct. 5.—The Protest-

ant Episcopal convention has adopted

resolutions sympathizing with the Ar-

menians, the Bannock Indians and the

missionaries in China. A resolution

was adopted praising Governor Culver-

son for his successful stand against the

prizefight.

One of the principal reports presented

was the report of the executive com-

mittee of the American Church Mis-

sionary society, read by Secretary J.

Thompson Cole. It was the first public

and official utterance as to the embez-

zlement of \$41,000 by the former treas-

urer, Henry A. Oakley, and the former

secretary, Rev. William A. Newbold.

The treasurer has reimbursed the

society, but the secretary had no money

nor anyone sufficiently interested in

him to make it good. The committee

had decided not to prosecute either

either.

A Fire in Philadelphia.

PHILADELPHIA, Oct. 5.—The two-

story brick sash and door factory of

Rufus Thomas & Co., corner of Nine-

teenth street and Washington avenue,

has been destroyed by fire, causing a

loss of about \$100,000, which is covered

by insurance. The bottling establish-

ment of the Continental Brewing com-

pany and a number of small houses

were damaged to the extent of about

\$65,000.

Three Vessels Lost.

ST. JOHNS, N. F., Oct. 5.—Three ves-

sels, one French and two English, have

been lost on the south coast of the

island, and five men were drowned.

Snow in Wyoming.

LARAMIE, Wyo., Oct. 5.—Ten inches

of snow has fallen here.

THE EPISCOPAL CONVENTION.

Resolutions of Sympathy Adopted—The Embezzlement Case.

MINNEAPOLIS, Oct. 5.—The Protestant Episcopal convention has adopted resolutions sympathizing with the Armenians, the Bannock Indians and the missionaries in China. A resolution was adopted praising Governor Curberson for his successful stand against the prizefight.

One of the principal reports presented was the report of the executive committee of the American Church Missionary society, read by Secretary J. Thompson Cole. It was the first public and official utterance as to the embezzlement of \$41,000 by the former treasurer, Henry A. Oakley, and the former secretary, Rev. William A. Newbold. The treasurer has reimbursed the society, but the secretary had no money nor anyone sufficiently interested in him to make it good. The committee had decided not to prosecute either officer.

PHILADELPHIA, Oct. 5.—The two-story brick sash and door factory of Rufus Thomas & Co., corner of Nineteenth street and Washington avenue, has been destroyed by fire, causing a loss of about \$100,000, which is covered by insurance. The bottling establishment of the Continental Brewing company and a number of small houses were damaged to the extent of about \$65,000.

DURRANT'S WEAK DEFENSE.

His Attorneys Have Strengthened the Prosecution.

SAN FRANCISCO, Oct. 5.—If the manner in which the attorneys for the defense in the trial of Theodore Durrant are handling their case is any indication of the strength of their position, the prosecution believes present developments leave little doubt of the prisoner's conviction. To the surprise of everybody, the defense has begun the calling of witnesses to show the previous good character of the young Sunday-school superintendent.

By the prosecution this step is interpreted to mean that the defense had introduced all the evidence that it has to refute the mass of testimony piled up by the people. If this be true, the verdict of the jury is a foregone conclusion. Not only has the defense failed to establish an alibi for Durrant, but it has actually strengthened the case against the prisoner.

Miss Cunningham, the newspaper reporter, who was threatened with imprisonment because she would not answer a question propounded to her by the defense, was called to the stand again to give her another opportunity to divulge the source of her information with regard to the nature of Mrs. Leake's testimony, but instead of sending her to prison the court took the matter under advisement until next Tuesday.

Rev. J. George Gibson, pastor of the Emmanuel church, was called by the defense for the purpose of identifying specimens of his handwriting. The witness refused positively to identify any of the specimens handed to him. He said the writing looked like his own, but as the document had not been in his possession for some time, if at all, he could not positively identify the writing. He wrote several specimens, which were introduced in evidence.

COIT WILL BE TRIED.

Fayette County Not Trying to Dodge Any Just Costs.

WASHINGTON, C. H., Oct. 5.—The published statement that the case of Colonel Coit for manslaughter will not be tried at Circleville next week, because Fayette county will not pay the expenses is erroneous. In the first place, Fayette county has said in a letter to the commissioners of Pickaway county that she will pay all legitimate and lawful expenses incurred in the Coit trial, providing Colonel Coit is acquitted.

If Colonel Coit should be convicted, then, under the law, the state will foot the cost bill. As no costs have yet been incurred Fayette cannot settle them. The attorneys on both sides are preparing for trial.

Two Wiretappers Caught.

DAYTON, O., Oct. 5.—S. H. Hinckley, alias S. H. Howard and George Hutchinson, alias G. W. Sanders, have been arrested here for wiretapping. Their room at the Phillips House was near a wire running to a local poolroom, and it is evident they intended to work the whole eastern circuit, including Chicago, Indianapolis, Cleveland, Covington, Ky., and other points. The prisoners at first made a bold bluff, but the evidence was such that they finally admitted their purpose and said they intended to rake in \$10,000 in this city alone.

Ryan-Sullivan Bout Barred.

CLEVELAND, Oct. 5.—Mayor McKisson has refused to issue a permit to the Cleveland Athletic club for the four-round contest, which is billed to occur under the auspices of the club this evening between John L. Sullivan and Paddy Ryan. A strong effort is being made by the officials of the organization to induce the mayor to change his mind, but the latter says he will not do so, and it is very probable that the contest will not take place.

Quits an Ohio Road.

CLEVELAND, Oct. 5.—Mr. L. Rush Brockenbrough, traffic manager of the Cleveland, Akron and Columbus Railway company, has decided to take charge of the traffic department of the Ohio Southern railroad on Oct. 15, severing his connection with the Cleveland, Akron and Columbus on that date.

SMALL OHIO HAPPENINGS.

The stock of Charles A. Snyder of Dayton, the latter, who assigned a few days since, was sold for \$5,512.06, which was the appraised value. Dan Harmon, an aged farmer living south of Bucyrus, was struck by a train on the Short Line and instantly killed. He was driving across the track.

William Caldwell of Bucyrus is looking for C. A. Miller, who gave him a note for \$200 endorsed by Mrs. E. Heinen. Mrs. Heinen pronounces her signature a forgery.

Conductor Ormsley and brakeman George Scully of the Ohio Southern road at Lima were knocked from the top of a boxcar by a trolley wire and badly injured.

Stanley Braine, aged 17, son of William G. Braine of West Pleasant street, and Miss Mabel Olds, aged 17, daughter of L. H. Olds of East Pleasant street, were drowned in Mad river, near Springfield, their cause upsetting.

United States Marshal Harmon of Toledo attached two locomotives belonging to the Lake Erie and Western railroad to satisfy the judgment of \$13,500 which was granted Bert Craig of Lima for the loss of both legs while in the employ of the company.

An attempt was made by Marion to disfigure James McElDowney by exploding a cannon fire racker in his face. McElDowney had reported violations of the closing ordinance to the mayor of that city, causing convictions and the payment of fines. The cannoncracker was thrown through a broken pane of glass, but McElDowney heard the fuse and dodged. His face was badly scorched by the explosion.

Mrs. Hester A. Copeland of Winchester charges that her husband has been idle and profligate, has not supported her for three years and that by false charges he had her confined in the Athens insane asylum. She asks for a divorce and the custody of the youngest child. Copeland says his wife's parents are responsible and has entered suit against \$1,000 father-in-law, Isaac Smalley, for \$25,000 damages.

Resume of Failures For a Portion of 1895.

Wheat a Shade Weaker and Corn a Little Lower—Railroad Companies Give Big Orders For Steel Rails—Enormous Transactions in Wool Reported.

NEW YORK, Oct. 5.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, says: Commercial failures in the third quarter of 1895 were 2,792, with liabilities of \$32,167,179, averaging \$11,521 per firm, against \$10,028 last year; about 15 per cent more. The rate of commercial mortality, 2.34 failures in a quarter for every 1,000 firms in business, is lower than last year, and the proportion of defaulted liabilities to the solvent business represented by payments through clearing houses is but 2.49 per \$1,000, against 2.77 last year. The defaulted liabilities per firm in business average \$26.92, against \$26.39 last year. The defaulted liabilities of the manufacturing class average \$20,865, against \$19,763 in the same quarter last year; in trading, \$8,577, against \$6,443 last year, and the banking failures not included above have been 31, with average liabilities of \$114,000, against \$110,938 last year. In the third quarter, when failures are usually low, the average of liabilities in prosperous years falls below \$10,000, the number below two in 1,000 firms, the defaulted liabilities below \$2 per \$1,000 exchanges, and below \$25 per firm in business. Thus the analysis indicates a condition approaching, but not yet reaching, one of general prosperity.

Highly important comparisons of prices this week show about Sept. 3, the lowest range ever known for whole-sale prices of all commodities, notwithstanding advances since March of 20 per cent in cotton goods, 40 per cent in boots and shoes, and 53 per cent in iron and steel products, while in woolen goods there has been scarcely any advance, and in all food products taken together a fall of 17 per cent. Comparisons show a fall in food products of 23.2 per cent in the five years since October, 1890, in woolen goods 22.5 per cent, in iron products 16.4 per cent and in cotton goods 12.5 per cent, while boots and shoes are a little higher and in leather and hides much higher than five years ago.

Wheat is a shade weaker, while western receipts have been 6,550,494 bushels against 4,487,104 last year, while Atlantic exports have been only 1,035,179 bushels, against 2,791,489 last year. Corn is but little lower, though beginning to move quite largely.

The Pennsylvania has ordered 40,000 tons of steel rails and other roads \$5,000, but the steel makers having bought their pig-iron at a lower price than the average of 104 quotations is 1 cent lower than a month ago. The manufacture is doing well in dressgoods and many specialties, but has lost a large share of the business in men's woolsens, and wool is 1 per cent higher, and goods 2 per cent lower than a year ago. Failures in three days have been 207 in the United States, against 219 last year, and 41 in Canada, against 40 last year.

SCORES TWO OFFICIALS.

An Immigration Inspector Says the Atlanta Chinese Should Have Been Barred.

ATLANTA, Oct. 5.—Government Immigration Inspector Thomas J. Scharf, sent here to watch the colony of Chinamen, women and children brought to the Atlanta exposition by Koo Owyang and Leon Lan, has sent to the secretary of the treasury a preliminary report which is highly sensational. He scores the inspector at Ogdensburg, N. Y., for negligence and carelessness in the admission of the Chinese to the United States, and suggests that the United States consul at Hongkong be called upon to show the managers of the exposition the descriptions of the Chinamen when they left that place for America.

The report states that there are 135 men in the Chinese village here who are doing absolutely nothing and who evidently bought their way into America for the purpose of remaining here. He stated that the whole crowd intend to evade the officers and remain in this country. The women, he suggests, are to be sold. The whole scheme, he declares, was organized by wealthy Chinamen, who do not live in America.

Noted Moonshiners Caught.

WHEELING, Oct. 5.—Two of the most noted moonshiners in the state have been arrested by the federal officers and landed in jail at Huntington. Their names are John Seiback and Will Sanders, and they have been operating in the mountains about the Flat Top coal field in the southern part of the state, having successfully evaded the authorities for several years. They are desperate characters and are wanted for numerous crimes.

Second Victim of an Explosion.

NEW YORK, Oct. 5.—Mrs. Kruger, the wife of Jacques Kruger, the actor, has died at her home in East Nineteenth street. Mrs. Kruger and her daughter were burned last Friday by the explosion of an alcohol lamp. The daughter died on the day after the accident.

Voted For the Women.

RACINE, Wis., Oct. 5.—The Wisconsin conference of the Methodist Episcopal church, in session here, has voted on the question of the admission of women as delegates to the general conference. The rule resulted: For the women, 109; against, 1; neutral, 25.

ARMENIANS' BAD MOVE

Riots Precipitated at Constantinople Harm Their Cause.

THEY TELL ATROCIOUS TALES

of the Brutality of the Turks During the Fighting — The Foreign Ambassadors File Complaint—Terrell Demands Protection For American Missionaries.

LONDON, Oct. 5.—Foreign office officials have expressed the opinion that the disturbances at Constantinople will seriously embarrass the powers in their efforts to bring about reform in Armenia. They hold that a heavy responsibility rests upon the Armenians for precipitating the riots at Constantinople and the opinion is gaining ground that the recent events there have caused a revulsion of feeling throughout Europe and those who were urging their governments to take immediate steps to deliver the Armenians from oppression begin to see distinctly that there is another side to the question.

A Constantinople special says: The Armenian churches, situated in different parts of the Turkish capital are still crowded with refugees. There are nearly 500 Armenians in the Patriarchate church alone. The scenes in the churches are heartrending in the extreme. Many women and children are bewailing the loss of their husbands and fathers. The Armenians declare that the Turkish mob committed the most terrible excesses in the Karaghionkuk quarter of Constantinople during the night of Monday last, the date when the rioting first broke out. A woman named Aghavni, who was eight months eniente was ripped open, it is claimed, and the child within her was exposed to the jeering mob. It is added that the same woman's daughter, only 14 years old, was ravished.

It is still impossible to give the exact number of killed or wounded. All the accounts concur in saying that the Turkish police countenanced the excesses. According to the Armenians about 200 persons have been killed during the rioting.

After a conference of the ambassadors energetic representations were made to the Turkish foreign minister complaining of the excesses committed by the police as by the Musliman populace on the prisoners and wounded on Monday and Tuesday, many of whom were despatched with blindfold, while others were most cruelly maltreated. The representatives of the powers begged the foreign minister to take measures to prevent the foreign residents of Constantinople from suffering and to restore order.

The United States minister, Mr. Alex W. Terrell, also made representations to the Turkish government requesting that steps be taken to insure the safety of the United States missionaries in the Koumquar quarter.

The Turkish quarters are guarded throughout the night in order to prevent the Mussulman inhabitants from coming out and renewing the disturbances. The city is now tranquil, although it is still patrolled by troops and police, and there is yet much apprehension among the Armenians. The Sofas were especially guilty of great excesses on Tuesday, and especially during the raid on the Armenian quarter, which they made at night. At Tokurteshme, near Stamboul, the students and populace broke into an Armenian building, killed 15 persons and wounded 35 others. In addition, it is said that they immediately conveyed the bodies to the shore and threw them into the sea. There was another fierce fight in an Armenian cafe at Scutari, during which several persons were killed and wounded on both sides.

At Haskoin a number of Armenian houses were broken into and sacked by the Sofas, who killed a number of Armenians inhabiting these buildings. On the other hand, at Karquark, near Stamboul, revolvers were fired from the windows of Armenian houses, and the Armenian inhabitants were arrested. Owing to the threats of the Sofas, the Armenian college at Galathea has been closed.

Advices from Constantinople received here say that the Turkish minister of the interior has resigned.

FIVE HUNDRED KILLED.

Accounts of the Famous Armenian Massacre Were Largely Exaggerated.

CONSTANTINOPLE, Oct. 5.—One of the foreign delegates of the international commission of inquiry says that its report will show that the total number of inhabitants of the Sassan valley did not exceed 4,000, and that the number of Armenians killed in the capture of the villages of Semal, Shenak and Ghehuzan and in the taking of Antokhagh Pass was at the most 300 to 500.

It is also claimed that the report will demonstrate that there is no evidence that anyone was killed in cold blood or that there were any mutilations of women or children. Finally, it is asserted by the delegate, that about 40 persons were buried in the death pit at Ghehuzan, and that the statement that a number of women threw themselves over a cliff in order to avoid dishonor is also false.

STRIKES THE FARMER.

Senator Brice Directly and Altogether Responsible

FOR FREE WOOL CLAUSE OF PRESENT LAW.

His Voice Was Against the Ohio Farmer and Flockmaster—His Action Indefensible Up to the Facts of the Case Measured by Practical Results—Shameful Betrayal of Ohio Interests.

There is one other provision of the present law that must be repealed, which Senator Brice is directly and altogether responsible for, and that is the free wool clause. The Hon. Frank Hurd, in his speech as chairman of the Democratic state convention in 1894, said:

"I have said that free wool is the most important feature of the new measure. It is worth more to tariff reform than all other provisions of the law put together. The organization to defeat this part of the bill was strong and compact. It came principally from Ohio, where the Ohio Woolgrowers' association has been long established. As Ohio was the greatest woolgrowing state, the arguments were especially directed to the Ohio members of congress. To their credit, be it said, the Democratic members in the house stood firm, every one voting for free wool. For the final passage of the wool clause, when by one word he could have defeated it, more credit is due to the junior senator from Ohio, Calvin S. Brice, than to any other influence, or to all other influences combined. His independence and courage saved tariff reform the most important feature of the bill as it passed the house."

With one word from Senator Brice free wool could have been prevented! And he did not speak the word. Consider the consequences to the farmers of Ohio.

Sheep husbandry is one of our most important industries; almost every farmer in Ohio raises sheep and grows wool. The statistics show that we had in Ohio in 1894 3,555,403 sheep, and that in 1895 we had but 3,065,182. These figures tell a startling story. They show that the sheep of Ohio are being slaughtered at the rate of more than 500,000 per annum, or about 1,500 per day. This is due to the fact that the shrinkage in their values, and in the value of their wool, is so great that sheep raising and woolgrowing have become unprofitable. It means the loss of millions of dollars to the farmers of this state without any compensating benefits whatever.

No Excuse Possible.

What excuse has Senator Brice given us for not speaking that "one word"? In published interviews he has said that he was one of the parties to the agreement whereby the Democratic caucus had left to the three senators from Missouri, Arkansas and Texas the whole subject of a tariff bill to do with as in their judgment might be best, and that agreement bound him to accept free wool because they so decided. The case as he puts it shows that he surrendered his commission to represent Ohio to the senators named, and allowed them to vote for Ohio instead of voting for Ohio himself.

IT IS NOT TOO HARSH TO SAY THAT SUCH ACTION WAS UTTERLY INDEFENSIBLE. IT WAS INDEFENSIBLE UPON THE FACTS OF THE CASE MEASURED BY PRACTICAL RESULTS. IT WAS INDEFENSIBLE UPON THEORY. IT WAS PLAIN, UNQUALIFIED BETRAYAL OF A SACRED TRUST THAT NO PARTY EXIGENCY COULD JUSTIFY.

IT AGGRAVATES THE CASE TO RECALL THAT WHEN SENATOR BRICE VOTED, WITHOUT A WORD OF PROTEST, AGAINST THE OHIO FARMER, FOR FREE WOOL, AT THE DICTATION OF THESE SOUTHERN SENATORS, HE ALSO AT THEIR DICTATION, WITHOUT COMPLAINT OR OBJECTION OF ANY KIND, VOTED TO IMPOSE A DUTY EQUAL TO AN AD VALOREM DUTY OF 40 PER CENT ON SUGAR, 35 PER CENT ON RICE, 36 TO 45 PER CENT ON COTTON MANUFACTURES, AND ALSO SUBSTANTIAL DUTIES ON EVERY SOUTHERN PRODUCT OR SOUTHERN INTEREST THAT SOUTHERN SENATORS WANTED PROTECTED.

That is Mr. Brice's record only in very small part, but it is sufficient to show he should not be re-elected.

It is urged, however, that he is better than his party, and that the tariff bill so passed was better than it would have been but for his labors and influence as a Democrat with his fellow Democrats.

However that may be, it is certain beyond all question that had a Republican occupied his seat no tariff bill of any kind would have been passed, and the McKinley law would have remained undisturbed. Had Mr. Brice refused to be bound hand and foot by a caucus agreement, if he had refused to be backed and gagged by the three senators from the great manufacturing (?) states of Texas, Arkansas and Missouri—if he had only stood up for his right to represent Ohio according to his own judgment, and had demanded protection for wool, he would have defeated the whole measure, since without his vote it would have been impossible to have repealed the McKinley law, or to have substituted any measure of any kind for it. In that event he might have had some claim for important services rendered to his country, but as the case stands he has no claim whatever.

LOCAL BREVITIES.

J. Douglass, of Empire, has moved to town, and no families left today.

The railroad men smile and are glad today because the pay car gave them a call.

The association juniors and the Vodrey pottery team are playing ball on the West End grounds this afternoon.

A local paper put its foot in it again last night by declaring that the street railway employs dead men to operate its cars as motormen.

Mr. Eugene Carroll and Miss Amanda Lucas were married last night at the home of the groom on Cadmus, street by Rev. C. W. Huffer.

The old lady who does so much talking about the city declares that another wedding or two will soon take place, one of the happy grooms-to-be being a well-known business man.

Fred Ferec, a well known barber, attempted to board a rapidly moving car near the Hotel Grand yesterday evening, and missing his footing was dragged quite a distance. His only hurts were bruises.

Bert Irons, the wheelman, was in town yesterday, and explained to his friends that he did not get a place in the Pittsburg road race because he was twice thrown from his wheel, and badly shaken up each time.

A. B. O'Neill, a business man of Connelville, Pa., was in the city today calling on his old time friend Frank Pilgrim. Mr. O'Neill is hunting a new location, and it is possible that he will be added to the merchants of this city before long.

Miss Essie Sebring, the bright little daughter of E. H. Sebring, delightfully entertained a number of her friends at their cosy home on Sixth street last evening. The occasion was Miss Sebring's anniversary, and she received many beautiful presents.

A party of boys unable to wait until Halloween for their sport, placed bricks on the street last night in dark places, and then stood in the shadow and laughed as some unlucky pedestrian struck an unusually tender corn. More than one man swore away down in his whiskers as the youngsters shouted in glee.

The first meeting of Pilgrim commandery was held last evening in Masonic hall in the Golding block, and the preliminaries of the work was passed through. Committees were appointed, and other important work done. The attendance of Knights Templars was large. They are enthusiastic over the prospects.

A drop of three inches, occasioned by some work being done at the dam, lowered the Ohio to a point beyond where it has been this season. Rivermen hope the rising temperature will bring them a boating stage, for there are 32,000,000 bushels of coal above this city waiting water to take the vast fleet to southern markets.

The ladies who make up the missionary society of the Second United Presbyterian church have invited the societies from Wellsville and the First church to meet with them on Tuesday evening of next week. This is the second meeting of its kind, the first having been held in Wellsville early in the summer, and proved an enjoyable success.

The many friends of Lieutenant Gyger, adjutant of the Eighth and the son of Colonel Gyger, will learn with regret that the young man is very ill at his home in Alliance, typhoid fever being the cause. For a time his life was despaired of, but now it is believed that he will recover, although he is still in a critical condition.

A reception was last night tendered Reverend McCollough and bride at the Second Presbyterian church, East End. Many persons from his own congregation and the other churches were present, including Reverend Sears and Reverend Green, the other pastors of East End. The affair was a pleasant event, and manifested the esteem in which Reverend McCollough is held by the people who know him best.

Stockholders of the Union pottery are happy because the old moulds have been sold to a new corporation, organized for the purpose of making ware at Bethlehem, Pa. The moulds were a part of the equipment of the plant when the company was organized a year ago, but have never been used, because they were out of date. The amount wrapped up in them was looked upon as dead stock, and the sale seems just so much of a find.

An amusing incident occurred on a street car yesterday afternoon. A well dressed and to all appearances a woman of station boarded a car at the Franklin street curve, and made no attempt to put her fare in the box until the car stopped at Jethro. Then she procrastinated until almost too late, but was putting the nickel in the box when the car started. At the moment it reached the switch she was walking down the aisle, but as the car lurched, the woman dropped over on the seat, sideways, the flap of the pocket of her stylish jacket flying open displaying the cork and neck of a whisky flask.

Our Cloak Room.

It's a good thing sometimes to get posted on a line before investing your money. Many a dollar has been lost because the party that lost it was not fully aware of the buying power of it. We want you to give our cloak room a visit. If you have \$5.00 you want to invest we can prove to you that it will go farther than you would imagine. Our stock was never so large or values so great.

Five dollars will buy you a good Beaver Jacket; \$7.50 will get you a Boucle Cloth Jacket, with the "Mandolin" sleeve; at \$10.00 we have a selection of fifteen styles, all good and all stylish; \$12.00 and \$15.00 are two prices we claim to be extra strong in. Then our Fur Capes begin at \$5.00. We can show you all the prices from that up to \$75.00, and we guarantee the prices as low as any city store will give you.

Underwear.

These mornings make you think of it. Our underwear department in basement is chock full of good things, particularly our 48c suit for ladies. Our children's fleeced lined cotton underwear, all sizes from 16s to 32s, are selling rapidly. The prices are within the reach of all. This quality has taken the place of wool to a great extent.

Blankets.

You may be surprised when we say that our Blanket stock is fully 20 per cent cheaper than last season. This in the face of a rising market can only be explained by stating that our blanket stock was all bought before the advance, and we marked them regardless of what the goods are worth to day.

TAYLER ON POLITICS

Our Congressman Talks While in Cleveland.

DEMOCRATS ARE INTERESTED

He Thinks the Republican Vote Will be Greater Than Ever—A Word About the Pottery—Some Matters Political That Show One Man's Sound Sense.

Hon. R. W. Tayler was interviewed in Cleveland the other day on political matters, and after telling the reporter that the aggregate Republican vote in this county would be greater than that of last year, informed him that the Democrats were showing more interest in the campaign than they did a year ago.

"The Democrats down in my part of the state," said Mr. Tayler, "don't like Mr. Brice personally, because he represents what they do not believe at all. Three-fourths of them are for free silver, and for that reason wherever his personality is brought into the canvass they will go out to the polls, but for the Republican or Populist nominees."

"Will the fact that Brice is back of Campbell in the campaign injure the chances of the Democratic nominee for governor?"

"It certainly will in our district, and the votes Campbell will get down there will be given him by Democrats who want to support him in spite of Brice, and not because of Brice. The Republicans in the district are well organized and they will sweep everything."

"What success is Brice meeting in his effort to carry Stark county?"

"Until the last two or three years Stark was considered a Democratic county, but I don't believe there is any prospect of the Republicans losing it. Brice is making a peculiar fight in that county and he will draw more from Coxey, the Populist candidate, than he will from the Republican nominee. I don't think Coxey will get nearly as many votes in Stark county this year as he did last fall, when he was a candidate for congress, and received more votes in the county than the Democratic nominee."

"Are your constituents realizing the effect of the new tariff law?"

"You mean the Wilson bill? Well, that can hardly be called a tariff law. It's nearer free trade than anything else, everything considered. Every farmer in my district feels the burden of free trade in wool as he never felt it before. Never before was the question of tariff or no tariff brought home to them as it has been in the last year. They recognize the fact that the market for their wool has been contracted, and in addition to no market, the product brings much less money than it did when we had a protective tariff. The farmers are not the only ones who are suffering in my district, which has a greater diversity of industries than any other in the state, and perhaps in the entire country."

"The potters also know what it means to have a Democratic tariff. The importations this year are about double what they were last year, and the employees of the potteries have lost just that much labor, and the small amount of work they have done has been at lower wages than a year ago. The same is true in the iron industry, but not to such a large extent. The tin plate factories in the district and contributory to it are in a bad plight over the reduction of the duty. While the price of pig iron and its products was low the Democratic duty on tin plate was sufficient. When the price of iron and steel billets went up, black plate could be manufactured in Wales and imported cheaper than it could be made here. The Democratic tariff on tin plate would work satisfactorily if the men in the iron industries were forced to work at starvation wages. Even the watch manufacturers at Canton feel the blighting effects of the Democratic tariff law, and the result is they are complaining that they are not making money as they should, and accordingly cannot pay their workmen as they would like."

Mr. Tayler said the voters of his section of the state were alive to the situation and when the returns were counted after election, the Eighteenth district would record herself on the side of protection to American labor and products.

Mr. Tayler preferred to say nothing about what he thought would be done during the next session of congress, other than that he expected Reed would be re-elected speaker, and Crisp of Georgia would be complimented with the Democratic nomination for the office.

"I would rather trust that medicine than any doctor I know of," says Mrs. Hattie Mason, of Chilton, Carter Co., Mo., in speaking of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by A. H. Bulger, druggist.

CHURCH CHIMES.

St. Stephen's church—Morning prayer, sermon and celebration of holy communion at 10:45 a. m.; evening prayer and address at 7:30 p. m., subject of address "Shall we Know One Another on Earth."

Church of Christ—At 10:45 a. m. the pastor will speak on "The Curse of Miroz." At 7:30 p. m. the pulpit will be filled by a speaker from Columbus, who will speak in the interest of the Anti-Saloon league. Lord's Day school at 9:30 a. m. Junior Endeavor at 5 p. m. Senior Endeavor at 6:30 p. m.

First Methodist Episcopal church. J. M. Huston, D. D., pastor—11 a. m., address by Anti-Saloon league; 7:30 p. m., preaching by pastor, subject, "Man Better Than a Sheep;" Sabbath school 9:30 a. m.; Epworth league open air meeting 6 p. m.; indoor meeting 6:30 p. m. Strangers always welcome.

The morning service at the United Presbyterian church at 11 o'clock will be a missionary meeting, at which the Knoxville Glee club will lead the music and present the cause of the Freedmen's missions. At 7:45 p. m. there will be a temperance lecture, at which one of the lecturers of the Anti-Saloon league will speak.

First Presbyterian church—Preaching by the pastor, Rev. John Lloyd Lee, 11 a. m., communion and reception of members; 8 p. m., first of a series of sermons on Pilgrim's Progress, to be illustrated with stereopticon; Sabbath school 9:30 a. m.; Christian Endeavor 6:30 p. m. Miss Arken, of Siam, will address the Buds of Promise at 3 p. m., on "Child Life in Siam."

There is no medicine so often needed in every home and so admirably adapted to the purposes for which it is intended, as Chamberlain's Pain Balm. Hardly a week passes but some member of the family has need of it. A toothache or headache may be cured by it. A touch of rheumatism or neuralgia quieted. The severe pain of a burn or scald promptly relieved and the sore healed in much less time than when medicine has to be sent for. A sprain may be promptly treated before inflammation sets in, which insures a cure in about one-third of the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become swollen, which can only be done when Pain Balm is kept at hand. A sore throat may be cured before it becomes serious. A troublesome corn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or a pain in the side or chest relieved without paying a doctor bill. Procure a 50 cent bottle at once and you will never regret it. For sale by A. H. Bulger, druggist.

Denied It All.

Special to the NEWS REVIEW.

LISBON, Oct. 5.—The answer to the petition of Arthur Harris asking \$10,000 from the East Palestine Reville for damages was filed today, and denies everything, except the mere fact that the parties named in the petition own the paper. The suit was entered some time ago by Harris, who was a railroad conductor, because the paper in question made some serious charge when he left the employ of the company. It has been set for trial at the coming term of court.

A. B. Allison has sued Wallace and Anna Simms for \$250 the amount of a promissory note they gave three years ago to John Barret. A mortgage on a lot in Simms addition to Liverpool secures the note.

Should be Looked Into.

THOROUGH INVESTIGATION REQUESTED.

A BOLD ASSERTION.

Ever since Prof. Koch startled the world by promising to cure consumption with the Koch lymph and his complete failure to do so, the people have been looking for some discovery which would prove an absolute, certain cure for that dread disease. Over a quarter of a century ago Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, put in a claim for a medicine, which he had discovered and used, in his extensive practice, that would cure ninety-eight per cent. of all cases of consumption when taken in all its early stages. Time has proved that his assertion was based on facts gained from experience. His "Golden Medical Discovery" has cured many prominent people who have willingly testified to the marvelous curative properties of his "Golden Medical Discovery." He has also written a Book of 160 pages on "Diseases of the Respiratory Organs," which treats of all Throat, Bronchial and Lung diseases, also Asthma and Catarrh, that will be mailed by the World's Dispensary Medical Association of Buffalo, N.Y., on receipt of six cents in stamps, to pay postage.

Consumption, as most everybody knows, is first manifested by feeble vitality, loss of strength, emaciation, as cough, difficult breathing, or bleeding from lungs, when investigation shows that tubercular deposits have formed in the lungs. It is earnestly advised that the "Discovery" be taken early and the latter stages of the disease can thereby be easily avoided. To build up solid flesh and strength after the grip, pneumonia, ("lung fever"), exhausting fevers, and other prostrating diseases, it has no equal. It does not make fat like cod liver oil and its nasty compounds, but, solid, wholesome flesh.

PERSONAL MENTION.

It May Doas Much for You.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50 cts. for large bottle. At Potts drug store.

At G. Field and His Minstrels.

The attraction at the Grand next Wednesday evening will be Al G. Field's minstrels, and when that is said, all the lovers of the stage will know the excellent entertainment in store. The company is composed of 40 negroes, and the show they give is not only very good, but so very good as to cause enthusiasm wherever they have appeared. Some of the best song and dance artists in the country are numbered in the company.

FAY TEMPLETON'S LATEST.

Her Contract With Mr. Rice Limits Her Avoidance to 150 Pounds.

Fay Templeton, for no particular reason that most critics can determine, enjoys a great reputation in this country, and there is probably not a hamlet in the length and breadth of the land in which her name is not known.

After a retirement extending over a considerable period, during which it was reported that she had accumulated considerable

FAY TEMPLETON.

able adipose and had got no younger, she is about to emerge from her self imposed seclusion as the exponent of the principal female character in R. A. Barnet's extravaganza, "Excelsior, Jr.," with which Oscar Hammerstein will inaugurate his handsome Olympia in New York this fall.

Miss Templeton will not, contrary to the general idea, offend the aesthete by undue plumpness. By the terms of her contract with Edward E. Rice, it is said, she is required to keep her weight down to 150 pounds, and, according to those who should know, she is now far below the limit. The portrait given herewith would seem to bear out that statement, as it is made from a recent photograph and shows her as she will appear in "Excelsior, Jr."

In reality Fay Templeton is not remarkably brilliant or aggressively commonplace as an actress. But she was at the outset of her career exceedingly vivacious and dainty. Both of these qualities necessarily gave way before the march of avoidpounds, and Miss Fay was then just about the same as thousands of other women of the stage.

Now she is really very pretty again, and as the role assigned to her is said to fit her as well as the proverbial glove she should shine to advantage in Barnet's latest fulfillment. That is certainly her manager's expectation at any rate, for she is being largely and very skillfully boomed.

"Alabama" In London.

Augustus Thomas' "Alabama" was evidently very favorably received in London, and Mr. Willard cables that the prospects of a run are encouraging. The critical Thunderer says of the production: "Mr. Augustus Thomas has thus met success with the first piece from his pen that has been seen in London. He has graceful gifts of fancy and at times of poetic diction, and he certainly has the knack of bringing down the curtain upon effective situations. No louder laughter was heard during the evening than at the close of the first act, when a slight tendency to slowness in getting to work with the story was fully atoned for by an unexpected and most humorous coup that fairly brought down the house." After seeing "The Capitol" the question, "Did Mr. Thomas write 'Alabama'?" really surges up in the mind.

Paris Will Have "Trilby."

So even Paris is to see "Trilby." Before Miss Elizabeth Marbury left England George Du Maurier placed the dramatic rights to his book in her hands, and she is now negotiating with several Paris managers for its production. If the Potter version of the book is used, it will be interesting to hear what the Parisians will think of Trilby in the state of grace under which Mr. Potter and the Harper Bros. have placed her.

The experience of failure is one that comes in a greater or less degree to every one at times, trying the metal and probing the character as no prosperity can do.—Victor Hugo.

I don't think Coxey will get nearly as many votes in Stark county this year as he did last fall, when he was a candidate for congress, and received more votes in the county than the Democratic nominee."

"Are your constituents realizing the effect of the new tariff law?"

"You mean the Wilson bill? Well, that can hardly be called a tariff law. It's nearer free trade than anything else, everything considered. Every farmer in my district feels the burden of free trade in wool as he never felt it before. Never before was the question of tariff or no tariff brought home to them as it has been in the last year. They recognize the fact that the market for their wool has been contracted, and in addition to no market, the product brings much less money than it did when we had a protective tariff. The farmers are not the only ones who are suffering in my district, which has a greater diversity of industries than any other in the state, and perhaps in the entire country."

"The potters also know what it means to have a Democratic tariff. The importations this year are about double what they were last year, and the employees of the potteries have lost just that much labor, and the small amount of work they have done has been at lower wages than a year ago. The same is true in the iron industry, but not to such a large extent. The tin plate factories in the district and contributory to it are in a bad plight over the reduction of the duty. While the price of pig iron and its products was low the Democratic duty on tin plate was sufficient. When the price of iron and steel billets went up, black plate could be manufactured in Wales and imported cheaper than it could be made here. The Democratic tariff on tin plate would work satisfactorily if the men in the iron industries were forced to work at starvation wages. Even the watch manufacturers at Canton feel the blighting effects of the Democratic tariff law, and the result is they are complaining that they are not making money as they should, and accordingly cannot pay their workmen as they would like."

Mr. Tayler said the voters of his section of the state were alive to the situation and when the returns were counted after election, the Eighteenth district would record herself on the side of protection to American labor and products.

Mr. Tayler preferred to say nothing about what he thought would be done during the next session of congress, other than that he expected Reed would be re-elected speaker, and Crisp of Georgia would be complimented with the Democratic nomination for the office.

There is no medicine so often needed in every home and so admirably adapted to the purposes for which it is intended, as Chamberlain's Pain Balm. Hardly a week passes but some member of the family has need of it. A toothache or headache may be cured by it. A touch of rheumatism or neuralgia quieted. The severe pain of a burn or scald promptly relieved and the sore healed in much less time than when medicine has to be sent for. A sprain may be promptly treated before inflammation sets in, which insures a cure in about one-third of the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become swollen, which can only be done when Pain Balm is kept at hand. A sore throat may be cured before it becomes serious. A troublesome corn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or a pain in the side or chest relieved without paying a doctor bill. Procure a 50 cent bottle at once and you will never regret it. For sale by A. H. Bulger, druggist.

Dented It All.

Special to the NEWS REVIEW.

Lisbon, Oct. 5.—The answer to the petition of Arthur Harris asking \$10,000 from the East Palestine Revellie for damages was filed today, and denies everything, except the mere fact that the parties named in the petition own the paper. The suit was entered some time ago by Harris, who was a railroad conductor, because the paper in question made some serious charge when he left the employ of the company. It has been set for trial at the coming term of court.

A. B. Allison has sued Wallace and Anna Simms for \$250 the amount of a promissory note they gave three years ago to John Barret. A mortgage on a lot in Simms addition to Liverpool secures the note.

Motormen Who Are Ill.

Motorman Knapp is able to be out after an illness extending over a week, and Motorman Ed McKinnon is confined to his home very ill. Motorman "Dad" Nowell is off duty because he is so sick as to be unable to work.

They are simply "living pictures, exquisite in design and finish." To what do we refer? To the beautiful hats and bonnets now displayed at Mrs. D. McDonald's, Market street.

To Enter the Ministry.

The announcement is made that Will Curfman, the well known leader of the Girls' band, will soon enter a college where he will be trained for the ministry of the Methodist Protestant church.

Use the Hilbert Necktie or Scarf holder, the only holder ever invented that will hold the necktie in position on standing collars.

The millinery goods, all the latest fashions, will attract the ladies during the Saturday promenade. Miss Farrell's headquarters, Fifth street, is a decided attraction.

Should be Looked Into.

THOROUGH INVESTIGATION REQUESTED.

A BOLD ASSERTION.

Ever since Prof. Koch started the world by promising to cure consumption with the Koch lymph and his complete failure to do so, the people have been looking for some discovery which would prove an absolute, certain cure for that dread disease. Over a quarter of a century ago Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, put in a claim for a medicine, which he had discovered and used, in his extensive practice, that would cure ninety-eight per cent. of all cases of consumption when taken in all its early stages. Time has proved that his assertion was based on facts gained from experience. His "Golden Medical Discovery" has cured many thousands of people in all parts of the world, and Dr. Pierce invites all interested to send to him for a free book which gives the names, addresses and photographs of many prominent people who have willingly testified to the marvelous curative properties of his "Golden Medical Discovery." He has also written a Book of 160 pages on "Diseases of the Respiratory Organs," which treats of all Throat, Bronchial and Lung diseases, also Asthma and Catarrh, that will be mailed by the World's Dispensary Medical Association of Buffalo, N. Y., on receipt of six cents in stamps, to pay postage.

Consumption, as most everybody knows, is first manifested by feeble vitality, loss of strength, emaciation; then local symptoms—cough, as cough, difficult breathing, or bleeding from lungs, when investigation proves that tubercular deposits have formed in the lungs. It is earnestly advised that the "Discovery" be taken early and the latter stages of the disease can thereby be easily avoided. To build up solid flesh and strength after grip, pneumonia, ("lung fever"), exhausting fevers, and other prostrating diseases, it has no equal. It does not make fat like cod liver oil and its nasty compounds, but, solid, wholesome flesh.

It May Doas Much for You.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50 cts. for large bottle. At Potts drug store.

Al G. Field and His Minstrels.

The attraction at the Grand next Wednesday evening will be Al G. Field's minstrels, and when that is said, all the lovers of the stage will know the excellent entertainment in store. The company is composed of 40 negroes, and the show they give is not only very good, but so very good as to cause enthusiasm wherever they have appeared. Some of the best song and dance artists in the country are numbered in the company.

Knights of the Maccabees.

The state commander writes us from Lincoln, Neb., as follows: "After trying other medicines for what seemed to be a very obstinate cough in our two children we tried Dr. King's New Discovery and at the end of two days the cough entirely left them. We will not be without it hereafter, as our experience prove that it cures where all other remedies fail."—Signed F. W. Stevens, state com.—Why not give this give this great medicine a trial, as it is guaranteed and trial bottles are free at T. L. Potts' drug store. Regular size 50c and \$1.00.

Paid a Claim.

The Fidelity and Casualty Insurance company, through their agent, J. C. Allison & Co., paid Joe S. Wilson this morning \$39.28 for having his thumb bitten by a dog.

The grand opening is still on at Mrs. D. McDonald's. In your promenade this evening, call and inspect the beautiful goods.

FAY TEMPLETON'S LATEST.

Her Contract With Mr. Rice Limits Her Avoidpoups to 150 Pounds.

Fay Templeton, for no particular reason that most critics can determine, enjoys a great reputation in this country, and there is probably not a hamlet in the length and breadth of the land in which her name is not known.

After a retirement extending over a considerable period, during which it was reported that she had accumulated considerable

able adipose and had got no younger, she is about to emerge from her self imposed obscurity as the exponent of the principal female character in R. A. Barnet's extravaganza, "Excelsior, Jr.," with which Oscar Hammerstein will inaugurate his handsome Olympia in New York this fall.

Miss Templeton will not, contrary to the general idea, offend the aesthete by undue plumpness. By the terms of her contract with Edward E. Rice, it is said, she is required to keep her weight down to 150 pounds, and, according to those who should know, she is now far below the limit. The portrait given herewith would seem to bear out that statement, as it is made from a recent photograph and shows her as she will appear in "Excelsior, Jr."

In reality Fay Templeton is not remarkably brilliant or aggressively commonplace as an actress. But she was at the outset of her career exceedingly vivacious and dainty. Both of these qualities necessarily gave way before the march of avoidpoups, and Miss Fay was then just about the same as thousands of other women of the stage.

Now she is really very pretty again, and as the role assigned to her is said to fit her as well as the proverbial glove she should shine to advantage in Barnet's latest fulmination. That is certainly her manager's expectation at any rate, for she is being largely and very skillfully boomed.

"Alabama" in London.

Augustus Thomas' "Alabama" was evidently very favorably received in London, and Mr. Willard cables that the prospects of a run are encouraging. The critical Thunderer says of the production: "Mr. Augustus Thomas has thus met success with the first piece from his pen that has been seen in London. He has graceful gifts of fancy and at times of poetic diction, and he certainly has the knack of bringing down the curtain upon effective situations. No louder laughter was heard during the evening than at the close of the first act, when a slight tendency to slowness in getting to work with the story was fully atoned for by an unexpected and most humorous coup that fairly brought down the house." After seeing "The Capitol" the question, "Did Mr. Thomas write 'Alabama'?" really surges up in the mind.

Paris Will Have "Tribly."

So even Paris is to see "Tribly." Before Miss Elizabeth Marbury left England George Du Maurier placed the dramatic rights to his book in her hands, and she is now negotiating with several Paris managers for its production. If the Potter version of the book is used, it will be interesting to hear what the Parisians will think of Tribly in the state of grace under which Mr. Potter and the Harper Bros. have placed her.
